

**Information for families seeking assessment for Autism Spectrum Disorder**

In Edmonton and northern Alberta, children needing assessment for a possible diagnosis of Autism Spectrum Disorder **should be referred to Central Intake for IPAS** (Infant and Preschool Assessment Clinic) **at the Glenrose Rehabilitation Hospital.**

Dr. Hapchyn is providing liaison between Glenrose Rehabilitation Hospital Developmental Pediatric Services and ElmTree Clinic to ensure that infants and young children with complex developmental challenges and their families are getting the most appropriate services as quickly and efficiently as possible.

While waiting for an IPAS assessment, young children can be seen by:

- Edmonton Early Intervention Program . . . . . (780) 342-1707
- Speech and Language Pathologist services . . . . . (780) 408-8793
- Occupational Therapist services . . . . . (780) 496-1300
- Private ASD Assessments are provided by
- NEXUS. . . . . (780)221-5721
- CASE. . . . . (780)495-9235

These services provide parents with support and strategies while waiting for further assessment at the Glenrose.
