

a short guide to folding an eight-page mini zine

- 1** Fold the printed zine into eight even parts like so:

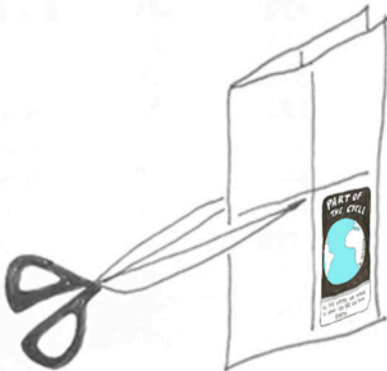

The front page of the zine is replicated to show you where you are!

- 2** Now crease those folds so the paper rests like this naturally:

- 3** Now fold the paper in half as below and cut it halfway through so it looks like "4"...

- 4** Place the paper down like so. Now put your index fingers where the arrows are, lifting up while folding the sheet lengthwise over your index fingers...

- 5** During lengthwise folding in step "4" the middle of the sheet should buckle so that it can fold into this form naturally:

- 6** And now you have your eight-page zine!

Most people who have gotten sick with this coronavirus have had a mild case. And there aren't a lot of cases in kids. It kids do get the virus, it tends to be very mild.

It's a word you might have heard at school or online or on T.V.

CORONAVIRUS!!!

AGHHH!!!

SNIFF SNIFF

HE MIGHT HAVE THE...

WHAT!

OMG! OMG! OMG!

WAIT... WHAT IS THAT?

This CORONAVIRUS is a newly discovered virus. It causes a disease called COVID-19.

Exploring the New CORONAVIRUS

A Comic Just for Kids

By Malaka Hankit

AND DON'T FORGET!

There are a LOT of helpers out there who are working to protect you. It is NOT your job to worry.

HELPER'S OF ALL KINDS!

TEACHERS...

DOCTORS...

FAMILY.

PLEASE wash your hands!!!

But seriously, though...

People who are much older or who already have health problems are more likely to get sicker with coronavirus.

AGHHH!

WHAT ABOUT DAD AND MOM AND GRANDPA AND GRANDMA AND UNCLE AND AUNTIE!!!

YOU'RE OK!

WELL WHAT'S THE VERDICT DOC?

If anyone gets sick and feels like they might have coronavirus, they can immediately call their doctors and get help.

There are some things you can do to protect yourself, family and friends from getting sick.

1) WASH YOUR HANDS OFTEN

* USE SOAP AND WATER

* WASH FOR AT LEAST 20 SECONDS. IF IT HELPS, SING THE ABC'S WHILE YOU DO IT - THAT'S ABOUT 20 SECONDS.

* WASH AFTER USING THE BATHROOM OR BEING IN PUBLIC SPACES (LIKE THE BUS OR PLAYGROUND).

HEYYYY SLOW DOWN OVER THERE!

YOUUUUU VEEEE DOUBLE YOUU EXXXX...

ABCDEF GHI JKLmnopqr

2) SNEEZE INTO YOUR ELBOWS

* CORONAVIRUS IS BELIEVED TO SPREAD THROUGH LITTLE DROPLETS OF FLUID FROM YOUR LUNGS.

* IF YOU SNEEZE INTO YOUR ELBOWS, YOU CAN PREVENT GERMS FROM GOING INTO THE AIR AND ONTO YOUR HANDS.

ATCHOO!

THESE LIL DROPLETS CARRY GERMS

YUCK! THAT'S WHY YOU SHOULD ALWAYS COVER YOUR MOUTH!

It's very important to remember that this kind of virus can affect

ANYBODY.

It doesn't matter where you come from or what country your parents are from.

3) AVOID TOUCHING YOUR FACE

* DON'T PICK YOUR NOSE, DON'T TOUCH YOUR MOUTH, DON'T RUB YOUR EYES.

* THESE ARE THE PLACES WHERE GERMS ENTER OUR BODIES.

BUT I LOVE PICKING MY NOSE!

GEEZ, YOU CAN STILL DO IT, JUST USE A TISSUE. THEN THROW IT AWAY.
